Profile

Senior Product Designer / UI/UX Designer with 5 years of experience delivering end-to-end product design for web and mobile. Experienced across user research, design systems, accessibility (WCAG), and Agile delivery with product and engineering — focused on clear, user-centred interfaces that ship.

Experience

Product Designer, Procore Technologies May 2025 – Aug. 2026

- Designed end-to-end web and mobile product experiences for a SaaS platform serving 2M+ users, shipping 3 products with a focus on clear data presentation, accessibility, and localization.
- Partnered with Product and Engineering to define scope, align on feasibility, and deliver high-fidelity designs and prototypes, maintaining 95%+ stakeholder satisfaction.
- Worked with researchers on 2 studies — generative research and usability testing — to validate solutions before production release.
- Contributed to the shared design system and used research and product data to keep experiences consistent and solve business problems.
- Used AI-assisted workflows (Claude, Cursor, NotebookLM, Figma) to speed up prototyping and handoff, helping improve team efficiency by ~50%.

Senior UI/UX Designer (Team Lead), Caspian Digital Solutions May 2022 – Apr. 2025 • Promoted from UI/UX Designer to Senior UI/UX Designer (Team Lead) within the company. • Managed and directed a UX design team of 4 members, delivering over 20 high-quality digital products annually. • Ensured 100% on-time delivery with a 95% stakeholder approval rate.

- Designed high-fidelity prototypes and wireframes, increasing client satisfaction by 35%.

UI/UX Designer / Product Designer, Spiritude Dec. 2021 – May 2022 • Conducted user research and competitor analysis, driving a 20% improvement in product positioning. • Created user personas and usage scenarios, increasing feature adoption by 30%.

- Delivered cohesive design systems, reducing inconsistencies by 40%.

UK Account Advisor / Subject Matter Expert, VOIS Mar. 2018 – Mar. 2021
(Vodafone Intelligent Solutions)

- Handled frontline customer interactions, maintaining an average tNPS score of 80% per month. • Mentored and coached 200+ newcomers, supporting onboarding and performance from early in the role.
- Acted as a subject matter expert on customer escalations and feedback reports, turning quantitative feedback into qualitative insights based on keywords and call context.

Projects

Senior Product Designer (Freelance), Deloitte Jan. 2025 – Dec. 2025

- Enhanced the KSA Capital Market Authority design system by building scalable components to ensure consistency.
- Collaborated with the design & product team to execute high-fidelity wireframes and user interface layouts. •

Delivered all work 100% on time; design changes contributed to a reported ~25% increase in CMA ease of use.

Senior Product Designer (Freelance), Dailycal.app Mar. 2024 – Dec. 2024

- Led the UI/UX team in designing and delivering multiple projects, ensuring seamless handoff to development teams.
- Established workflows and structured the company's design team, improving team efficiency by 40%.
- Developed a comprehensive design system, enhancing collaboration between designers and developers.
- Delivered responsive, cross-platform designs, reducing integration issues by 15%.

Technical Skills

Design Tools: Figma, FigJam, Framer, Adobe XD, Photoshop, Illustrator, Zeplin

Product Design: Wireframing, Prototyping, Interaction Design, Responsive Design, Design Systems, UX

Writing Research & Accessibility: User Research, Usability Testing, UserTesting, WCAG, Accessibility, Data-Driven Design

AI-Assisted Design: Cursor, Claude, ChatGPT, Prompt Engineering

Collaboration: Jira, Notion, Trello, Agile, Design-Engineering Handoff

Domains: Enterprise SaaS, Construction Tech, Fintech, Government, Regulated Products,

CRM Personal Skills

Product Thinking & Research: Requirement scoping, user flows, usability testing, research-led design, data-informed decisions

Communication & Leadership: Stakeholder presentations, cross-functional collaboration, team leadership, mentoring, remote/async work

Accessibility & Craft: WCAG, inclusive design, design systems, visual and interaction design, attention to detail

Ways of Working: Agile delivery, design-engineering handoff, continuous learning, AI-assisted design workflows

Licenses and Certifications

Digital Product Management – Institute of Management, Technology and Finance

Graphic Design Practice License – Ministry of Manpower Egypt

UX Design Professional – Google

PMP Training Course – Arab Academy for Science, Technology & Maritime Transport

Scholarships and Internships

Intensive Training Program – UI/UX Design,
Information Technology Institute (ITI) – Ministry of
Communication and Information Technology

Military Status: Exempted

Nationality: Egyptian

Apr. 2021 – Jul. 2021 Oct. 2013 – Aug. 2018

Education

Bachelor of Arts – Geographic Information Systems,
Faculty of Arts, King Marriott Academy

Languages

English: Fluent

Arabic: Native
